Re: Notice of *Ex Parte* Presentation Petition of US LEC Corp. for a Declaratory Ruling Regarding LEC Access Charges for CMRS Traffic

Dear Ms. Dortch:

In accordance with Section 1.1206 of the Commission Rules, US LEC Corp., through its attorneys, files this notice of *ex parte* presentation. On December 12, 2002, Aaron Cowell, Wanda Montano, Jeffrey Blackey, and Shane Turley, all from US LEC Corp., and the undersigned counsel for US LEC Corp. met with Victoria Schlessinger and Steve Moms of the Wireless Competition Bureau and Joseph Levine of the Wireless Telecommunications Bureau.

During the meeting, US LEC Corp. discussed the issues raised in US LEC's petition and a variety of the economic choices available to IXCs for routing traffic from CMRS carriers. US LEC stated that the Commission had an adequate record to issue a declaratory ruling on the narrow issue presented, namely, is a CLEC entitled to assess access charges on calls from cellular carriers to IXC 800 customers.

US LEC distributed the attached materials at the meeting
